

## **Floodplain Resources**

If you are unable to find an existing Elevation Certificate for your building, hire a licensed land surveyor, professional engineer, or certified architect who is authorized by law to certify elevation information. For a fee, these professionals can complete an Elevation Certificate for you.

FEMA Flood Map Service Center

### **Looking for a Flood Map?**

<https://msc.fema.gov/portal/home>

[Letters of Map Change \(LOMC\)](#) - Documents, including different types of Letters of Map Revision (LOMR) and Letters of Map Amendment (LOMA), that are issued by FEMA to revise or amend the flood hazard information shown on the FIRM without requiring the FIRM to be physically revised and republished. In addition, FEMA issues a formal determination letter, called a LOMC Revalidation or LOMC-VALID letter - when one or more previously issued LOMCs are found to still be valid during a new flood mapping study of an area. Revalidation letters are included in the LOMC product results on this site.

If you believe your property was incorrectly identified as a Special Flood Hazard Area (SFHA) by the [National Flood Insurance Program \(NFIP\)](#), you may submit an application to FEMA for a formal determination of the property's location and/or elevation relative to the SFHA. This is called a **Letter of Map Change (LOMC)** request.
