INDEPENDENT AUDITOR'S REPORT

Board of Directors
Alamo Regional Mobility Authority
San Antonio, Texas

We have audited the accompanying basic financial statements of the Alamo Regional Mobility Authority (the Authority), as of and for the years ended September 30, 2010 and 2009. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2010 and 2009, and the changes in net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2010, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and the Pension and Retirement Plan – Schedule of Funding Progress, as listed in the table of contents, were not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

207 Arden Grove
San Antonio, TX 78215
210/227-1389
Fax 227-0716

Our audits were conducted for the purpose of forming opinions on the basic financial statements of the Authority, taken as a whole. The accompanying Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," and *The State of Texas Single Audit Circular*, and is also not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Handwritten signature of Gary G. Gove, dated December 20, 2010.

December 20, 2010

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

Management's Discussion and Analysis
Years Ended September 30, 2010 and
September 30, 2009
(Unaudited)

The discussion and analysis of the Alamo Regional Mobility Authority (the Authority) financial statements provides an overview of its financial position and activities for the years ended September 30, 2010 and September 30, 2009. The discussion and analysis provides summary level financial information; therefore, it should be read in conjunction with the accompanying financial statements.

USING THIS ANNUAL REPORT

Three basic financial statements are presented: the Statements of Net Assets; the Statements of Revenues, Expenses, and Changes in Net Assets; and the Statements of Cash Flows. These statements are prepared in accordance with Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis for State and Local Governments*.

The statements are prepared under the accrual basis of accounting in which revenues and assets are recognized when earned or acquired, and expenses and liabilities are recognized when incurred regardless of when cash is received or paid.

Financial Highlights

Financial Highlights for the Authority include the following:

- Personnel costs directly associated with Authority projects totaled \$1,081,574 and \$1,108,345 for the years ended September 30, 2010 and 2009 (Restated), respectively. These costs have been capitalized as Development in Progress.
- Total Assets increased in 2010 due to Development in Progress for Authority projects funded by a loan from Texas Department of Transportation (TxDOT), as well as grants received from American Recovery and Reinvestment Act of 2009 (ARRA), Bexar County, Advanced Transportation District, and TxDOT. Development in Progress was \$27,130,901 and \$4,722,388 as of September 30, 2010 and 2009 (Restated), respectively.
- As a result of greater Grant funding for the Authority's projects in 2010, relative to loans, as well as an increase in Development in Progress, the Authority ended with a positive Net Asset balance (difference between assets and liabilities) for 2010, as compared to a net deficit balance for 2009. Balances were \$10,710,879 and (\$6,492,716) as of September 30, 2010 and 2009 (Restated), respectively.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

Management's Discussion and Analysis
Years Ended September 30, 2010 and
September 30, 2009
(Unaudited)

- Operating Revenue, which represents Grant Income used for expenditures indirectly associated with Authority projects, was \$419,277 and \$109,284 for the years ended September 30, 2010 and 2009 (Restated), respectively. Capital Contributions represents Grant Income used for capital expenditures for Authority projects. Capital Contributions were \$17,244,479 and \$3,359,539 for the years ended September 30, 2010 and 2009 (Restated), respectively.
- Operating Expenses for the years ended September 30, 2010 and 2009 (Restated) were \$423,247 and \$343,240, respectively, and consisted of Personnel and other costs indirectly associated with Authority projects.

Statement of Net Assets

The Statement of Net Assets presents the Authority's assets, liabilities, and net assets as of the end of a fiscal period. The information presented is useful in determining the assets available for the Authority's operations as well as the amounts the Authority owes to vendors, debt holders, and other entities at the end of the period. The Authority's Net Assets - the difference between assets and liabilities - can be a factor in assessing its financial position. Over time, increases or decreases in the Authority's Net Assets are one indicator of whether its' financial health is improving or deteriorating when considered with other factors such as overall population growth, economic development, income levels and vehicle miles traveled in Bexar County and surrounding communities.

Assets and liabilities are classified based on liquidity and longevity. Current liabilities are generally those liabilities which are due within one year and current assets are those assets which are available to satisfy current liabilities. Noncurrent assets are those assets not expected to be utilized within one year. Noncurrent liabilities include loans payable not expected to be settled within one year.

Net assets are normally presented in three major categories; Invested in Capital Assets Net of Related Debt, Restricted and Unrestricted. All three categories of net assets are described as follows; however, the Authority's Net Assets are comprised of Invested in Capital Assets Net of Related Debt and Unrestricted. Amounts presented as "Invested in Capital Assets Net of Related Debt" represent the investment in property, plant and equipment net of accumulated depreciation on the assets and net of related outstanding debt used to construct, purchase, or renovate them. Restricted net assets are available for expenditure but must be spent in accordance with the restrictions of donors and other external entities. Unrestricted net assets are available for any lawful purpose. Unrestricted net assets are accumulated only as necessary to ensure sufficient reserve funds for future operations and capital improvements. Further detail concerning Assets, Liabilities, and Net Assets is presented in the Statement of Net Assets and Notes to the financial statements.

Management's Discussion and Analysis
Years Ended September 30, 2010 and
September 30, 2009
(Unaudited)

Statement of Revenues, Expenses, and Changes in Net Assets

Changes in Total Net Assets, as presented in the Statement of Net Assets, are based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Assets. Operating revenues are expected to be generated from toll revenues in future years. Operating expenses were incurred in planning and operating the Authority. All other activity is classified as non-operating revenues and expenses. Total revenues, total expenses, operating income (loss), and increase (decrease) in net assets are all important factors when assessing the change in the Authority's financial position. Further detail is presented in the Statement of Revenues, Expenses, and Changes in Net Assets and notes to the financial statements.

Statement of Cash Flows

The Statement of Cash Flows provides information about the cash receipts and cash payments of an entity during a period. The Statement of Cash Flows also helps users assess (1) the entity's ability to meet its obligations as they come due and (2) the need for external financing. This statement presents information related to cash inflows/outflows summarized by operating, non-capital financing, and investing activities. For additional detail concerning these classifications see the Statement of Cash Flows.

CONDENSED FINANCIAL INFORMATION

Statement of Net Assets

The following table is condensed financial information for the Statement of Net Assets:

	2010	2009 (Restated)
Current Assets	\$ 10,005,123	\$ 8,105,335
Non-Current Assets	27,209,796	4,722,388
Total Assets	37,214,919	12,827,723
Current Liabilities	\$ 8,857,483	\$ 5,263,899
Non-Current Liabilities	17,646,557	14,056,540
Total Liabilities	26,504,040	19,320,439
Invested in Capital Assets, Net of Related Debt	20,682,913	3,359,539
Unrestricted	(9,972,034)	(9,852,255)
Total Net Assets	10,710,879	(6,492,716)
Total Liabilities & Net Assets	\$ 37,214,919	\$ 12,827,723

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

Management's Discussion and Analysis
Years Ended September 30, 2010 and
September 30, 2009
(Unaudited)

Total Assets were \$37,214,919 and \$12,827,723 at September 30, 2010 and 2009 (Restated), respectively. Current assets consisted mainly of Cash and Cash Equivalents. Cash and Cash Equivalents were \$7,831,198 and \$8,094,069 as of September 30, 2010 and 2009 (Restated), respectively. More detailed information about Cash and Cash Equivalents can be found at Note 3 to the Financial Statements. Current Assets as of September 30, 2010 also included a Grant Receivable totaling \$2,161,514 for funds committed, but not received, at year-end, for current period expenditures.

Non-current assets are primarily Development in Progress for Authority projects. Development in Progress, which was \$27,130,901 and \$4,722,388 as of September 30, 2010 and 2009 (Restated), respectively, was funded by a loan from TxDOT, as well as grants received from American Recovery and Reinvestment Act of 2009 (ARRA), Bexar County, the Advanced Transportation District, and TxDOT. Personnel costs directly associated with Authority projects are included in Development in Progress. More detailed information about Development in Progress for the Authority's projects is presented in Note 6 to the Financial Statements.

Total Liabilities were \$26,504,040 and \$19,320,439 at September 30, 2010 and 2009 (Restated), respectively and are made up of Current and Non-Current Liabilities. Non-Current Liabilities are comprised mostly by Long-Term Liabilities which increased as of September 30, 2010 to \$17,510,000 as compared to \$13,880,000 at September 30, 2009 (Restated), and includes a draw totaling \$4,130,000 from a TxDOT loan executed in 2009. More detailed information about the Authority's Long-Term Liabilities is presented in Note 7 to the basic financial statements.

The Authority's Net Assets (assets less liabilities), was a surplus of \$10,710,089 at September 30, 2010 as compared to a deficit of (\$6,492,716) at September 30, 2009 (Restated). The surplus balance occurred as a result of greater Grant funding for the Authority's projects in 2010, as well as an increase in capitalized costs for Development in Progress.

Statement of Revenues, Expenses and Changes in Net Assets

The following table is condensed financial information for the Statement of Revenues, Expenses and Changes in Net Assets:

	2010	2009 (Restated)
Operating Revenue	\$ 419,277	\$ 109,284
Operating Expenses	423,247	343,240
Operating Loss	(3,970)	(233,956)
Non-Operating Revenue (Expenses)	(36,914)	(13,750)
Increase/(Decrease) in Net Assets, Before Capital Contributions	(40,884)	(247,706)
Capital Contributions	17,244,479	3,359,539
Increase/(Decrease) in Net Assets	17,203,595	3,111,833
Beginning Net Assets, (October 1, 2009- Restated)	(6,492,716)	(9,604,549)
Ending Net Assets	\$ 10,710,879	\$ (6,492,716)

Operating Revenue consisted of Grant Income, used for expenditures indirectly associated with Authority projects, totaling \$419,277 and \$109,284 for the years ended September 30, 2010 and 2009 (Restated), respectively.

Operating Expenses for the years ended September 30, 2010 and 2009 (Restated) were \$423,247 and \$343,240, respectively, and consisted of Personnel and other related costs indirectly associated with Authority projects. Personnel costs directly associated with Authority projects are capitalized in Development in Progress. Personnel costs directly associated with Authority projects totaled \$1,081,574 and \$1,108,345 for the years ended September 30, 2010 and 2009 (Restated), respectively.

Non-Operating Revenues and Expenses for the years ended September 30, 2010 and September 30, 2009 (Restated) consisted solely of Interest Income received on Cash and Cash Equivalents totaling \$1,136 and \$24,302, respectively, and Loan Interest Expense totaling \$38,050 and \$38,052, respectively.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

Management's Discussion and Analysis
Years Ended September 30, 2010 and
September 30, 2009
(Unaudited)

Capital Contributions represent Grant Income used for procuring assets for Authority projects. Capital Contributions were \$17,244,479 and \$3,359,539 for the years ended September 30, 2010 and 2009 (Restated), respectively.

As a result of greater Grant funding for the Authority's projects in 2010, relative to loans, as well as an increase in Development in Progress, the Authority's Ending Net Assets were \$10,710,879 as of September 30, 2010 as compared to a deficit balance (\$6,492,716) as of September 30, 2009 (Restated).

ECONOMIC FACTORS AFFECTING THE FUTURE

Every year Texans are spending more and more time sitting in traffic due to increased congestion. In the next 25 years, Bexar County will experience significant growth in population, jobs, and economic development. The number of people living in Texas has increased by 8 million residents from 1980 to 2003. During this same period, the number of vehicles driven on Texas roadways has increased from 11.7 to 18.9 million. Yet, the number of roadway miles has increased by less than 8%. As a result, commuting time for most residents in our region will increase dramatically in future years as driving distances increase and roadway options dwindle.

Transportation networks are the backbone of our economy. It is critical that goods and services are delivered on time, every time. When delivery is delayed, consumers are affected through increased product costs. Increased traffic congestion will cost time and money.

Currently, road construction and maintenance costs are funded by the Federal/State Gasoline tax, which is 38.4 cents per gallon. Texas' Gasoline Tax makes up 20 cents of this amount. Less than half of the revenue generated from the state's 20-cent per gallon fuel tax is used towards state transportation projects. Although this tax revenue was sufficient for prior transportation needs, it cannot fund the growth and increased transportation demands we face today. Maintenance costs alone exceed the revenue generated by the state fuel tax.

Due to federal rescissions of motor fuel tax funds in 2008, more than \$400 million in transportation projects for our region were halted and will not occur for at least another 10 years, if at all. These projects were planned to relieve congestion for Bexar County residents. The ability to engage in long range planning based on traditional funding sources is becoming increasingly limited due to the funding shortfall from the state gasoline tax and rescissions in federal funding for transportation projects. Furthermore, revenue generated from one source is insufficient to meet needed capacity requirements. A number of resources are needed for planning and design, acquiring rights of way, constructing projects, and carrying out the ongoing maintenance for those projects.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

Management's Discussion and Analysis
Years Ended September 30, 2010 and
September 30, 2009
(Unaudited)

In 2009, with the passage of the American Recovery and Reinvestment Act of 2009 (Federal Stimulus), our region received \$42 Million locally to spend on needed infrastructure projects, and was fortunate to receive another \$60 Million in Federal Stimulus allocation from the Texas Transportation Commission. Subsequent to this action, in 2010, the Texas Transportation Commission (TTC) reprogrammed funding from Federal Stimulus to \$5 Million, from the original \$60 Million pledged, and redirected \$55 Million from Proposition 12 funds. These funds, when combined with an additional \$60 Million in Proposition 14 bonds, have provided the ability to deliver some of the previous backlogged projects. Keep in mind, this level of investment represents a one-time benefit to our local infrastructure, and does not present a steady revenue stream for future project planning and implementation.

If the transportation problem is not solved, our residents will spend more time sitting in traffic, resulting in more time away from home, and they will face higher product costs. Meanwhile, maintenance and construction costs will continue to increase for those much needed projects in our region. We will be subject to increased frustrations and costs unless Texans pull together to implement a safe, reliable and efficient transportation system with innovative funding solutions.

Regional Mobility Authorities (RMA) were authorized by the Texas Legislature as a way to help address the regional transportation needs of the state through local direction and involvement. RMAs are equipped with innovative tools to solve the transportation funding gap which include formation of local partnerships, provisions for financing, acceleration of projects, and creation of new revenue streams, for critical transportation systems. RMAs allow residents to prioritize transportation projects in their community and to utilize alternative funding sources to speed up project completion. Alternative funding includes toll projects and bond sales that pledge future toll revenue to retire bond debt. RMAs can also construct, operate and maintain tolled lanes and other transportation projects in their communities.

For the Alamo RMA, the first two construction projects, representing approximately \$148 Million in infrastructure investment, will be non-tolled projects. These projects highlight the commitment to both toll and non-toll projects as long as a funding source can be identified.

During the 81st Legislative Session, the Texas Legislature continued operations for the Texas Department of Transportation for an additional two years but did not authorize any additional funding sources or tools to allow for expansion and increases in infrastructure. This action resulted in the loss of authority to enter into concession agreements, and unless addressed during the 82nd Legislative Session, tools such as non-concession comprehensive development agreements will also expire.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Alamo Regional Mobility Authority (the Authority) have been prepared in conformity with generally accepted accounting principles (GAAP) for governmental entities. The Governmental Accounting Standards Board (GASB) is the governing body for establishing governmental accounting and financial reporting standards. For financial reporting purposes, the Authority is considered a special purpose government engaged only in business- type activities. The following is a summary of significant accounting policies of the Authority.

A. Reporting Entity

The Bexar County Regional Mobility Authority was approved by the Texas Department of Transportation on December 18, 2003 as a political subdivision of the State of Texas under the Texas Transportation Code, Chapter 370. Bexar County formally approved the conditions of the Texas Department of Transportation on January 14, 2004. The Bexar County Regional Mobility Authority held its first meeting on April 13, 2004. On October 14, 2004, the Bexar County Regional Mobility Authority formally changed its name to Alamo Regional Mobility Authority (the Authority). The Authority was created to provide the Bexar County area with a local entity to make mobility decisions for the community and to accelerate needed transportation projects.

The Authority's powers and duties are enumerated under Texas Transportation Code Chapter 370 and include authority to borrow monies and issue bonds to finance transportation projects. The Authority is governed by a seven member Board of Directors, six are appointed by Bexar County Commissioners Court and the Chairman of the Board is appointed by the Governor of the State of Texas. The Authority is not included in any other governmental "reporting entity" as defined by GASB Statement No. 14, *"The Financial Reporting Entity"*. There are no component units included within the reporting entity.

B. Basis of Accounting

The Authority's financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in GASB Statement No. 56. The Authority applies all Financial Accounting Standards Board (FASB) statements and interpretations, and the Accounting Principles Board (APB) Opinions of the Committee on Accounting Procedures issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The Authority has elected not to apply FASB guidance issued subsequent to November 30, 1989, unless specifically adopted by GASB.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

All of the Authority's activities are accounted for within a single proprietary (enterprise) fund. The accounting and financial reporting treatment applied is determined by measurement focus. The transactions of the Authority are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the statement of net assets. Net assets (i.e., total assets net of total liabilities) are segregated into amounts invested in capital assets, net of related debt; amounts restricted for capital activity and debt service; and amounts which are unrestricted.

C. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

D. Investments

In accordance with GASB Statement No 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

F. Capital Assets

Capital assets are stated at historical cost. Donated capital assets are valued at their estimated fair market value on the date received. For equipment, the Authority's capitalization policy includes all items with a unit cost of \$20,000 or more and an estimated useful life in excess of one year. Development in progress includes personnel costs which are directly attributable to a specific project in development. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The following estimated useful lives are used:

Furniture, Machinery and Other Equipment	3 - 7 years
--	-------------

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Classification of Revenues

The Authority has classified its revenues as either operating or nonoperating according to the following criteria:

Operating Revenues: Operating revenues are generated by activities that have the characteristics of exchange transactions. Exchange transactions are those in which a service or product is exchanged for revenue.

Nonoperating Revenues: Nonoperating revenues include activities that do not have the characteristics of exchange transactions.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the Authority's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources available for use.

H. Compensated Absences

The Authority employees are entitled up to four weeks of paid vacation leave per calendar year which is accrued by pay period. No more than 240 hours of unused vacation leave is carried forward to the next year and unused leave is paid to employees upon termination, resignation or retirement up to 240 hours, with the exception of the Executive Director who may carry forward 280 hours. The liability recorded for compensated absences was \$55,862 at September 30, 2010 and \$49,368 at September 30, 2009.

I. Comparative Data

Comparative data for the prior fiscal year has been presented to provide an understanding of the changes in the financial position and operations. Certain prior fiscal year data has been presented in a different format, as compared to the prior year presentation, in order to improve comparability to the current fiscal year.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

2. INTERLOCAL AGREEMENTS

The Authority entered into interlocal agreements with Bexar County and the City of San Antonio to fund a portion of the start-up costs of the Authority. The interlocal agreements require repayment of the loans when the Authority issues bonds or from the proceeds of the first available revenues received.

3. DEPOSITS AND INVESTMENTS

The Authority's cash and cash equivalents at September 30, 2010 and 2009 are as follows:

	<u>2010</u>	<u>2009</u>
Cash in Bank	\$ 856	\$ 210,754
Cash Equivalents		
Money Market Fund -		
Invesco Government and		
Agency Portfolio		
- Resource Class	7,357,999	6,527,619
- Cash Management	<u>472,343</u>	<u>1,355,696</u>
Total Cash and Cash Equivalents	<u>\$ 7,831,198</u>	<u>\$ 8,094,069</u>

The Authority does not have any of its funds invested in derivatives.

Deposits

At September 30, 2010, the carrying amount of the Authority's deposits was \$856 and the bank balance was \$856. The Authority's cash deposits at September 30, 2010 were covered by FDIC insurance. Excess cash is swept into the investment account each night.

Investments

State statutes govern the Authority's investment policies. State authorized investments include obligations of the U.S. Treasury and U.S. Government agencies, certificates of deposit, commercial paper, securities lending, bankers' acceptances, guaranteed investment contracts, mutual funds, investment pools, and repurchase agreements.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

3. DEPOSITS AND INVESTMENTS (Continued)

Credit Risk. The Authority's investment policy requires the purchase of securities that are of the highest credit quality, based on current ratings provided by nationally recognized credit rating agencies. The Authority's funds shall be primarily invested in U.S. Treasury securities and federal agency securities. Investments in other debt securities must be rated "A" or better by at least two nationally recognized credit rating agencies. The Authority's money market fund is rated AAAm (S&P). Investments in the money market fund are not guaranteed by the Federal Depository Insurance Corporation (FDIC) or any other government agency. The fund invests in direct obligations of the U.S. Government and other securities issued or guaranteed as to principal by the U.S. Government or its agencies and instrumentalities, as well as repurchase agreements secured by those obligations.

4. OPERATING LEASE

The Authority leases office space with HEB Grocery Company. The term of the lease is 36 months and expires on December 31, 2011. The monthly rental rate for the first year is \$7,822, \$8,023 for the second year, and \$8,224 for the third year. Total payments of \$95,678 were made during the current year.

5. DEFERRED REVENUE

The Authority received \$13,200,000 in grant funds from TxDOT to date, of which \$6,600,000 was received during the current year. Of this amount, \$8,312,583 was expended to date, while the remaining amount of \$4,887,417 has been recognized as deferred revenue.

The Authority received \$1,600,000 from the Advanced Transportation District (ATD) during the prior year. This payment represents partial funding related to the 281 Superstreet Project. Of this amount, \$1,311,378 was expended to date, while the remaining \$288,622 has been recognized as deferred revenue.

Included in capital assets are pre-development costs related to ongoing projects of the Authority. Certain projects are funded with grant monies and will be transferred to an outside entity upon completion of the project.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

7. LONG-TERM LIABILITIES

On July 12, 2004, the Authority entered into an initial interlocal agreement with Bexar County. The agreement provided initial operating funds (Bexar County Loan # 1) in the amount of \$250,000 at an annual interest rate of 3.34%. The loan is to be reimbursed in total from the proceeds of the first available revenues received. It is intended that at the time revenue bonds, if any, are issued, the proceeds shall be used to retire the loan and any accrued interest in full. At September 30, 2010, the total amount remains outstanding.

On January 18, 2005, the Authority entered into a second interlocal agreement with Bexar County. The agreement provided additional operating funds (Bexar County Loan # 2) in the amount of \$500,000 at an annual interest rate of 2.97%. The loan is to be reimbursed in total from the proceeds of the first available revenues received. It is intended that at the time revenue bonds, if any, are issued, the proceeds shall be used to retire the loan and any accrued interest in full. At September 30, 2010, the entire amount remains outstanding.

On June 29, 2005, the Authority entered into an interlocal agreement with the City of San Antonio. The agreement provided additional initial operating funds (City of San Antonio Loan # 1) in the amount of \$500,000 at an annual interest rate of 2.97%. The loan is to be reimbursed in total from the proceeds of the first available revenues received. It is intended that at the time revenue bonds, if any, are issued, the proceeds shall be used to retire the loan and any accrued interest in full. At September 30, 2010, the entire amount remains outstanding.

Interest on the above notes is accrued from the date the loan is funded; however, no interest payments are due until the loan is retired. The accrued interest payable amounts to the County and City are \$214,590 and \$176,540 at September 30, 2010 and 2009, respectively.

On December 16, 2005, the Authority entered into a financial assistance agreement (FAA 1) with the Texas Department of Transportation (TxDOT) to provide funding for the Authority's participation in the procurement process for a proposed comprehensive development agreement. This agreement is not to exceed \$1,000,000 and is noninterest bearing. Funds were drawn down as authorized expenses were incurred.

On January 23, 2006, the Authority entered into a financial assistance agreement (FAA 2) with the TxDOT to provide funding for the development costs of certain toll projects. This agreement is not to exceed \$7,500,000 and is noninterest bearing. Funds were drawn down as authorized expenses were incurred.

On September 11, 2007, the Authority entered into a financial assistance agreement (FAA 3) with the TxDOT to provide funding for the development costs of certain toll projects. This FAA is being funded with remaining unused funds on the previous FAA's. Funds were drawn down as authorized expenses were incurred. This agreement is not to exceed \$3,043,925 (the amount of unused funds from the previous FAA's) and is noninterest bearing.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

7. LONG-TERM LIABILITIES (Continued)

On February 3, 2009, the Authority entered into a financial assistance agreement (FAA 5) with the TxDOT to provide funding for the environmental impact statement and 1604 predevelopment costs. The TxDOT awarded \$12,390,000 in the form of a loan to conduct feasibility studies, environmental studies, public involvement, schematics, and preliminary financial plans associated with the addition of toll lanes of identified projects. The Authority received a disbursement of \$4,130,000 as an initial draw in prior year and an additional \$4,130,000 during the current year.

Funds will be repaid for FAA 1, FAA 2, FAA 3, and FAA 5 from bond proceeds and/or toll revenues subject to the provisions and limitations set forth in the financial assistance agreements.

Any revenues used to repay the financial assistance agreements shall not exceed 10% of the revenues received in any single calendar year.

Long-term debt activity for the year ended September 30, 2010 was as follows:

	Balance 10/1/09	Additions	Deductions	Balance 9/30/10	Current Portion

8. RETIREMENT PLAN

Plan Description

The Authority provides retirement, disability, and death benefits for all its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system which consists of 573 nontraditional defined benefit pension plans. The Comprehensive Annual Financial Report is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted and may be amended by the governing body of the Authority within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with five or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after five years of service but must leave their accumulated deposits in the plan to receive any employer-financed benefit. Members who withdrew their personal deposits in a lump sum and who are not eligible to retire are not entitled to any amounts contributed by their employer.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

8. RETIREMENT PLAN (Continued)

Benefit amounts are determined by the sum of the employees' deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act, so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchased rates prescribed by the TCDRS Act.

Funding Policy

The Authority has elected the Annually Determined Contribution Rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The Authority contributed the actuarially determined rate of 10.58% from October 1, 2009 to December 31, 2009 and 10.65% from January 1, 2010 to September 30, 2010.

The deposit rate payable by all employee members for the calendar year 2010 is the rate of 7% as adopted by the governing body of the Authority. The employee deposit rate and the employer contribution rate may be changed by the governing body or the employer within the options available in the TCDRS Act.

Annual Pension Cost

The annual employees pension cost and the actual contributions for the TCDRS plan was \$106,211 and \$101,887, respectively for the year ended September 30, 2010 and September 30, 2009.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

8. RETIREMENT PLAN (Continued)

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the GASB Statement No. 27 parameters based on the actuarial valuations as of the plan's inception.

9. COMMITMENTS AND CONTINGENCIES

Pending Lawsuits and Claims

The Authority has been named as a defendant in a case related to a proposed project. While the result of any litigation contains an element of uncertainty, the Authority believes that the amount of any liability and costs which might result would not have a material adverse effect on the financial statements. Therefore, no provision for contingency losses has been recorded on the accompanying financial statements.

ALAMO REGIONAL MOBILITY AUTHORITY
San Antonio, Texas

NOTES TO FINANCIAL STATEMENTS

September 30, 2010

9. COMMITMENTS AND CONTINGENCIES (Continued)

Funding

The Authority receives significant financial assistance from the Texas Department of Transportation (TxDOT) in the form of grants and loans. A significant reduction in the level of this funding, if this were to occur, may have a significant effect on the Authority. The disbursement of funds received generally requires compliance with terms and conditions specified in the agreements, and is subject to review by TxDOT. Management believes there are no significant contingent liabilities relating to compliance with TxDOT rules and regulations.

10. INSURANCE

As of September 30, 2010 and 2009, the Authority has insurance coverage for workers compensation and general liability. This policy provides coverage for errors and omissions and commercial crime. The Authority utilizes third party administrators for the handling of administration, investigation, and adjustment of liability claims.

11. DEFICIT NET ASSETS

At September 30, 2009, the Authority had a deficit net asset balance, associated with development cost of the Authority, of \$6,492,716. Management intends to eliminate the deficit through future operations.

12. NET ASSETS – RESTATED

Beginning net assets for fiscal year 2010 were restated as follows:

Net Assets – September 30, 2009 (as reported)	\$ (7,601,061)
Adjustment to capitalize prior year personnel costs to development in progress	<u>1,108,345</u>
Net Assets – October 1, 2009 (as restated)	<u>\$ (6,492,716)</u>

13. SUBSEQUENT EVENT

On October 14, 2010 the City of San Antonio agreed to extend the City of San Antonio Loan #1 in the amount of \$500,000 to a stated maturity date of September 1, 2011.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Alamo Regional Mobility Authority
San Antonio, Texas

We have audited the financial statements of the Alamo Regional Mobility Authority (the Authority) as of and for the year ended September 30, 2010, and have issued our report thereon dated December 20, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

207 Arden Grove
San Antonio, TX 78215
210/227-1389
Fax 227-0716

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Board of Directors, management, and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Board of Directors
Alamo Regional Mobility Authority
San Antonio, Texas

Compliance

We have audited the compliance of the Alamo Regional Mobility Authority (the Authority) with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and *The State of Texas Single Audit Circular* that could have a direct and material effect on each of the Authority's major federal and state programs for the year ended September 30, 2010. The Authority's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*; and *The State of Texas Single Audit Circular*. Those standards, OMB Circular A-133, and *The State of Texas Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Authority's compliance with those requirements.

In our opinion, the Authority complied, in all material respects, with the requirements *referred to above* that are applicable to its major federal and state programs for the year ended September 30, 2010.

Internal Control Over Compliance

The management of the Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Directors, management, and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
